Dear Katie Stoughton,

On behalf of the Iowa State University Bioeconomy Institute and 15 other sponsoring organizations, you are cordially invited to participate in the **9th Annual Biofuels: Science and Sustainability Tour** from August 14-17, 2017, taking place in Iowa. This privately-sponsored tour, which complies with Senate Ethics Committee travel regulations, has been organized to provide congressional staff and agency representatives an opportunity to learn how Iowa's biofuels industry and research community are leading the nation in responding to the many challenges and opportunities in renewable energy and agriculture.

This event will include "hands on" tours of biofuel refineries as well as cutting edge research projects aimed at advancing current and next generation renewable fuels. In addition, briefings will be conducted by state and national experts, technology providers, family farmers and university research staff.

The tour is designed to provide participants with a better understanding of the environmental and economic impacts of renewable fuels, to highlight technological advancements that are improving the efficiency and carbon footprint of biofuels production and agricultural processes, and to showcase the capabilities of Iowa's premier research entities. The tour schedule includes time for open exchanges of ideas regarding energy and biofuels policy.

As part of the tour, you are invited to participate in a roundtable discussion on the Energy Policy Outlook for the 115th Congress on Wednesday, August 16. Other congressional staff members will be invited to participate in this panel as well.

Attached is the tour itinerary and tour registration form.

Space is limited. If you are interested in participating in the tour, please complete the following:

- **Fill out the tour registration form and return it to Monte Shaw, Executive Director of the Iowa Renewable Fuels Association, at mshaw@iowaRFA.org AS SOON AS POSSIBLE.**
- **Once registered, you will receive all of the paperwork necessary for submission to the Senate Ethics Committee (which is due no later than July 14, 2017).**

Any questions may be directed to Monte Shaw at (515) 252-6249. Thanks, and we hope to see you on the tour!

21. Describe how the daily expenses for lodging, meals, and other expenses provided to trip participants compares to the maximum per diem rates for official Federal Government travel:

The hotels for Tuesday and Wednesday night are at the government rate of \$91.

The hotel for Monday night is at the rate of \$127. It should be noted that we hold the Tour each year during the week of the Iowa State Fair. The Fair represents an unparalleled opportunity to view a number of renewable fuels and agricultural exhibits in one location and to discuss the latest trends, research and practices with industry experts and Iowa's highest elected officials. However, the Fair attracts a large number of visitors to the city and area hotels sell out and charge their highest rates of the year. In addition, between congressional staff, Administration participants, and a handful of sponsoring organization staff, the Tour requires a room block of 40+ rooms. The typical per diem rate listed for Des Moines does not take into account the Fair and, just as important, that securing a 40+ room block can be difficult with the typical hotels in Des Moines. IRFA searched extensively in the Des Moines area for an affordable room block on August 14th. The Prairie Meadows Hotel listed in Attachment G was the best deal we could find. While the rate is higher than normal due to the fair, we were only able to get this good of rate because we hold another event at the hotel each January so they were willing to give us a good deal (considering the fair).

The estimated food costs are below the government per diem.

Even with the challenges of the Monday night hotel due to the fair, our estimated combined lodging and meal expenses are below the government per diem for the duration of the Tour.
